Song *Heaven's Lucky to Have You*

I saw a red bird flying high out of a sun set sky
I saw a sunflower growing wild on that ol' roadside
Clear as a lighthouse beacon, I could see that you're not that far away, far away

When I need you, you'll be right outside my window
I feel your arms around me when the wind blows
I still think you left too soon but I'm thankful for your time
Cause Heaven's lucky to have you and so was I

I wish I could call you up when I mess up one of grandma's recipes
I wish we could catch up on life and such and hear you laughing at me
But today I found a picture and saw that smile upon your face
I knew everything would be okay

When I need you, you'll be right outside my window
I feel your arms around me when the wind blows
I still think you left too soon but I'm thankful for your time
Cause Heaven's lucky to have you and so was I, so was I

I hope I make you proud while you're up there looking down on me
From the best seat in the house

When I need you, you'll be right outside my window
I feel your arms around me when the wind blows
I still think you left too soon but I'm thankful for your time
Cause Heaven's lucky to have you
God knows how much I miss you.
Heaven's lucky to have you, and so was I, so was I
